SchoolM@il™

Take a Closer Look at ePals SchoolM@il™

See why ePals SchoolM@il has become the recognized leading solution in school-safe email for some of the largest school districts in the U.S. and around the world

SchoolM@il is now free!

ePals is making SchoolM@il available at no cost to schools, districts, and learners globally. This is not a trial or limited functionality version of our trusted and award-winning service. We are providing SchoolM@il at no cost because we want to partner with the education community to speed the delivery of safe and collaborative learning around the world.

Why ePals SchoolM@il is different.

ePals SchoolM@il is the recognized leader in school-safe email for students in grades K–12, providing multilingual email solutions to schools and districts worldwide. With this easy-to-use product, educators can create a protected, customized, collaborative environment.

Any subject, any grade.

ePals SchoolM@il brings any subject to life for the student with an authentic learning experience. Ask our representative for examples of how ePals SchoolM@il integrates your math, science, language arts, and reading programs.

> "Email has been the greatest motivating factor that I have ever actually seen in my classroom… and when students care, a lot of learning takes place.

Theresa Cormier
Teacher, Haddam Killingworth School

Cutting Edge Tools

✔ **Easy To Manage**
Intuitive web-based controls allow teachers and parents to manage accounts and emails.

✔ **Safe Email Environment**
Built-in email content and language keyword filters ensure appropriateness of email messages.

✔ **Spam & Virus Control**
Prevent unwanted, inappropriate messages and scan attachments for viruses.

✔ **Internet Safety Policies**
ePals SchoolM@il™ is designed to comply with COPPA, CIPA, and FERPA.

Cutting Edge Learning

✔ **Improve Literacy**
Children increase literacy and gain cultural understanding through safe email exchanges with classmates and peers around the world.

✔ **Global Learning**
ePals SchoolM@il™ is the first student email with built-in instant translation to help break down language barriers and increase cross-cultural learning.

✔ **Easy To Use**
Intuitive web-based interface allows children to become familiar with the email system in a short period of time.

Product Features:

- Monitored Email
- Instant Language Translation

Increases 21st Century Skills

SchoolM@il is an important tool to help students succeed in developing critical 21st century skills, through:

- Enhanced global awareness
- Reading, writing, and critical thinking skills
- Mastery of online collaboration tools

Keeps Students Safe by maintaining State, District, and School Policies
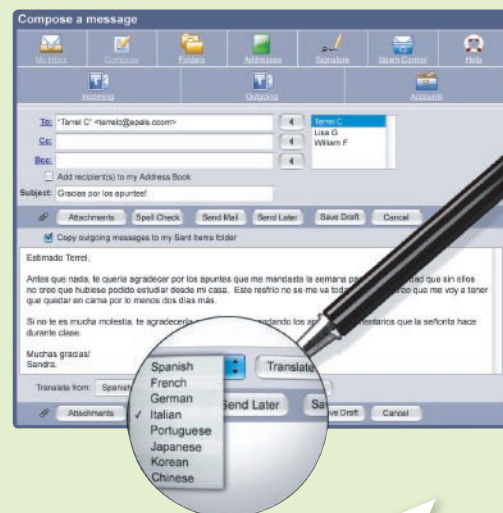

Administrators and IT staff benefit from the quick and easy setup and management of ePals SchoolM@il and get help for meeting schools' "Acceptable Use Policies" and best practices.

Makes Home-To-School Connections

Email facilitates home-to-school communication that encourages parental involvement. Parents can easily reinforce in-class learning when their kids access the same tools at home that they use in school.

First email with built-in language translation

Educators and learners can instantly translate messages they send and receive in up to 72 language pairs to facilitate cross-cultural peer collaboration, bring language learning to life, and improve communications among teachers, parents, and students.
